

BISHOP AUCKLAND RUGBY CLUB

You can still play a massive part

*Your rugby career may be over or heading for its end
You may still love the club and have some spare time to spend,*

*You may have been the monster who terrorised the county playing prop.
But now you want to give back by picking up a discarded bottle of pop.*

*You may be a Mam or a Dad,
And you can see the walls are a little bit sad.*

*So if you are impressed with what we have done with your lad,
And note that you are doing so little you feel a bit of a Cad.*

*You may want to show your skills that only you know you have,
Or you just want to fix the Lav.*

*If you are skilled or just like to wield a hammer,
Or realise that this place is keeping your kids out the slammer*

*If you one of them folks who start a sentence with
"You know what you should do"?
Turn the (you) into an (I) and join our crew!*

*You will find there is so much more to Rugby than rolling around in the mud,
Please, please help us? It would be wonderful if you could.*

Est 1976
